Suhoor, the pre-dawn meal, should be a wholesome, moderate meal that is filling and provides enough energy for many hours. It is therefore particularly important to include slowly-digesting foods in the Suhoor.

Iftar is the evening meal which breaks the day's fast. Dates will provide a refreshing burst of much needed energy. The meal should remain a meal and not become a feast!

“Eat of the good and wholesome things that We have provided for your sustenance, but indulge in no excess therein.” Qur’ān (20:81)
